SUPERFAN

INTERACTIVE EXPERIENCE

BRAINSTORM

come up with three different ideas of themes + interactive features

PHASE 0

Idea 1:

Theme

Making your own ice cream!

Interactive JS Feature #1

Interactive clicking to chose your specific toppings/ice cream/cup or cone.

Interactive JS Feature #2

Pressing the order done button would serve you your ice cream.

Idea 2:

Theme

Phasmopobia

Interactive JS Feature #1

Switching in between tools to find out what ghost you have.

Interactive JS Feature #2

Clickable book to click what evidence you have found and what ghost you think it is.

Idea 3:

Theme

Your running away from a monster

Interactive JS Feature #1

Choosing what path to choose.

Interactive JS Feature #2

Holding your breath in time.

EVALUATE

think about the good and bad for each idea then choose one

PHASE 1

Pros/Cons of Each Idea:

	Pros	Cons
Idea 1: Making your own ice cream	-People have some similar, it is adorable and easy.	-Not really something passionate about.
Idea 2: Phasmophobia	-I like playing phasmophobia, the concept can we made, I have a general idea of my code for this.	-I'm not sure how to make it look good or how the overall gameplay with look/go.
Idea 3:Running away from a monster	-I like the idea of running away from a monster.	-How will I make the breath holding? How will I create visuals?

CONTENT

gather and edit essential content for your site

PHASE 2

Make your own ice cream!!

1. Cup or cone?

2. Choose your ice cream flavor!

3. Choose your topping!

Your ice cream!

UNTIL
DAWN
DON'T MOVE!

PHASMOPHOBIA
THIS
SIDE UP

DESIGN

create three possible responsive designs for your chosen idea

PHASE 3

Make your own ice cream!!

1. Cup or cone?

2. Choose your ice cream flavor!

3. Choose your topping!

Your ice cream!

PHASMOPHOBIA
THIS
SIDE UP

HOLD YOUR BREATH!

MOCKUP

choose your final layout and create a digital mockup

PHASE 4

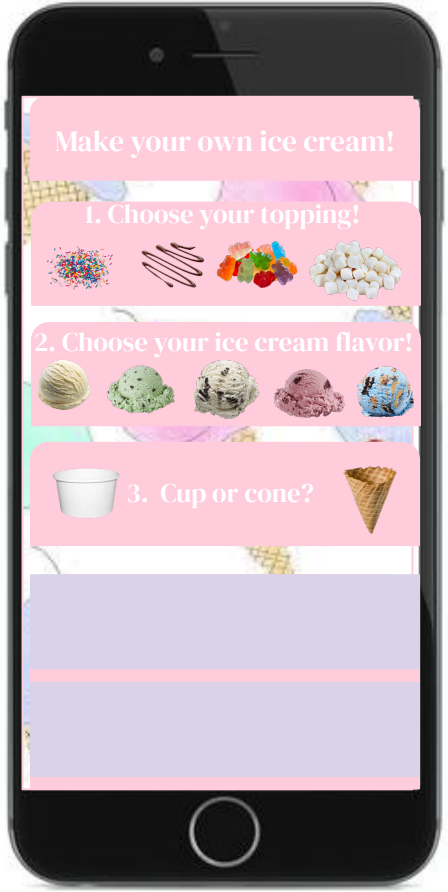
Make your own ice cream!!

1. Choose your topping!

2. Choose your ice cream flavor!

Cup or cone?

EAT

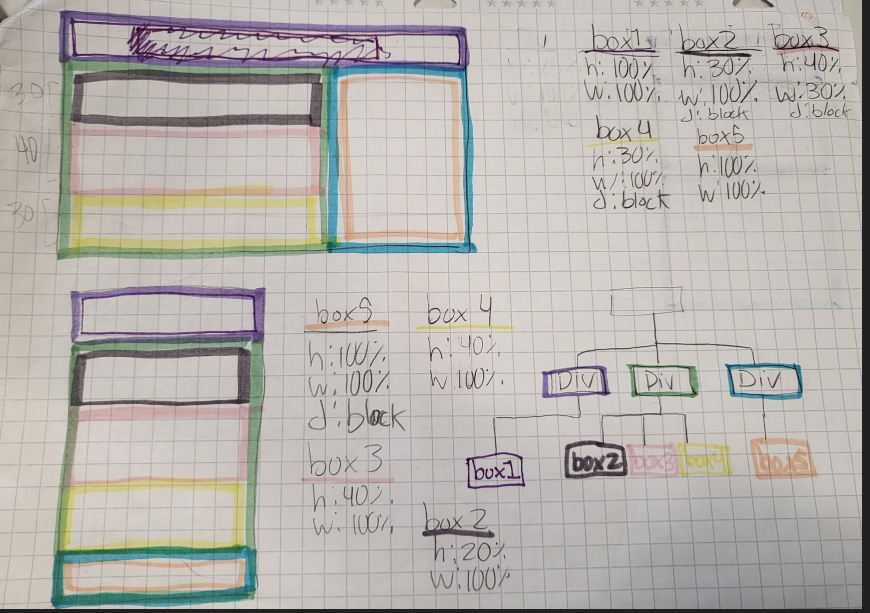


Make your own ice cream!
1. Choose your topping!
2. Choose your ice cream flavor!
3. Cup or cone?

ANNOTATE

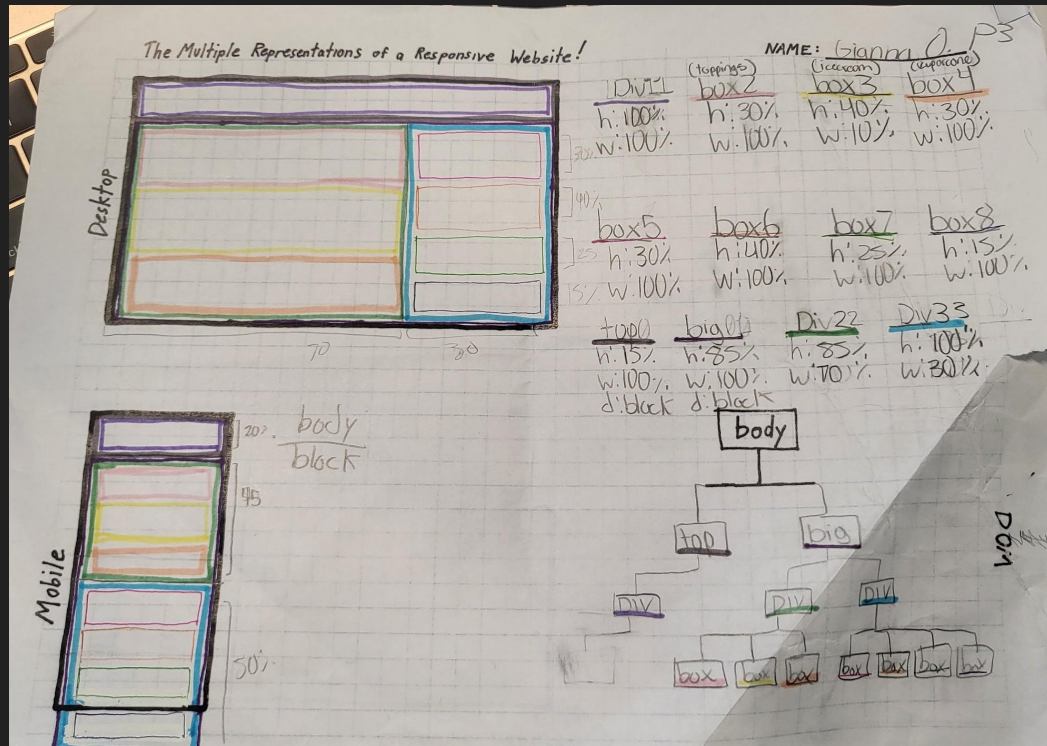
add explanations, colors, percentages, and display properties + draw your dom

PHASE 5



← First DOM draft

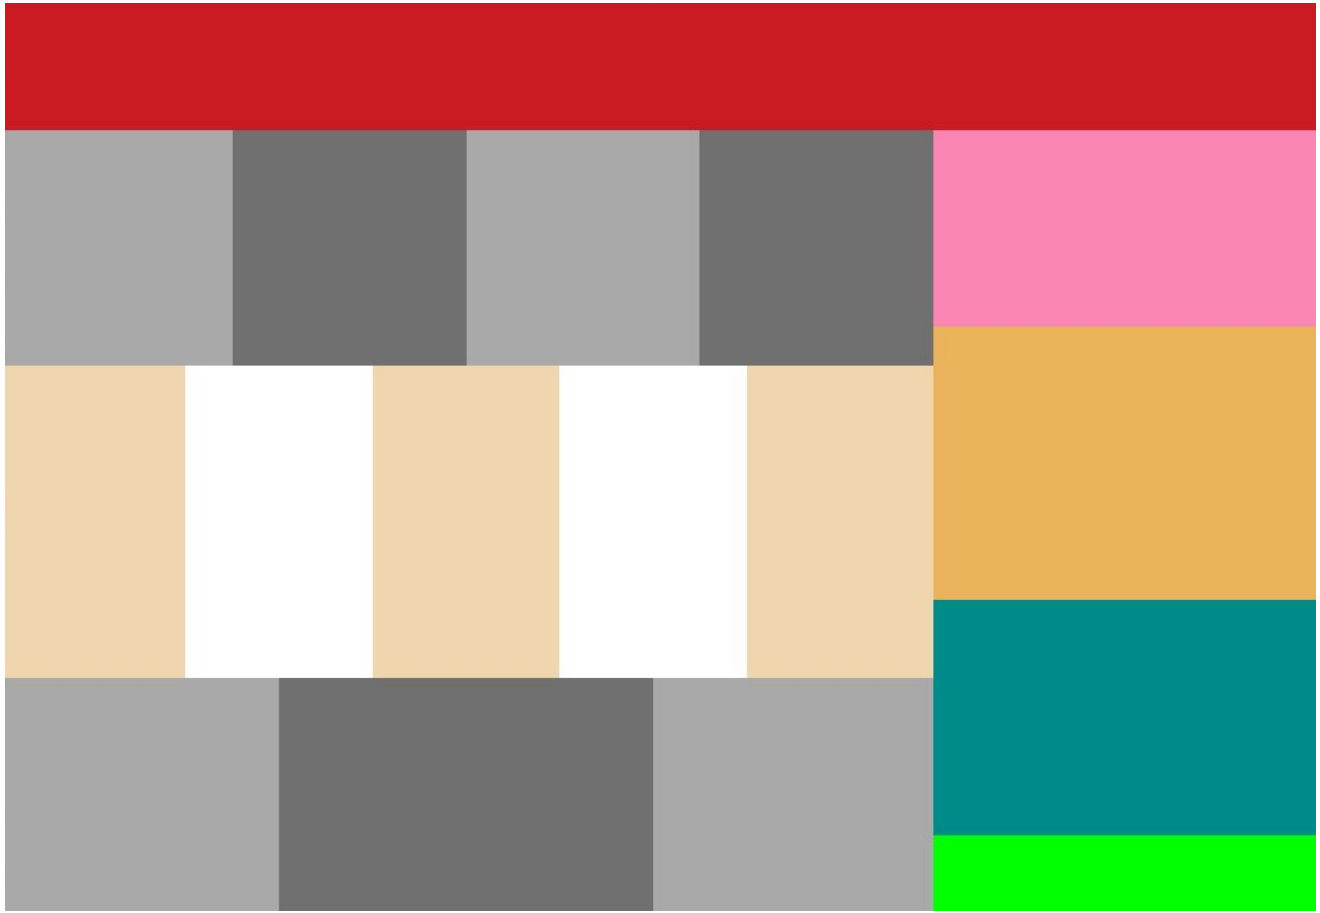
Final DOM →



BUILD

create your desktop divs using html and css then make it responsive

PHASE 6



CONTENT

insert all images and text into your site

PHASE 7

Cup or cone?

JAVASCRIPT

add behavior to your page by inserting two pieces of javascript

PHASE 8

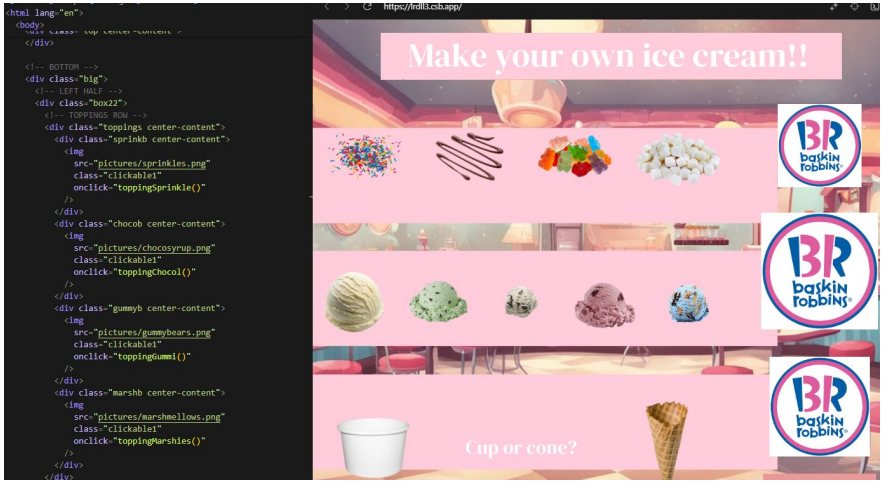
```
// TOPPINGS FUNCTIONS //
function toppingSprinkle() {
  document.getElementById("topping-display").src = "pictures/sprinkles.png";
}
function toppingChocol() {
  document.getElementById("topping-display").src = "pictures/chocosyrup.png";
}
function toppingGummi() {
  document.getElementById("topping-display").src = "pictures/gummybears.png";
}
function toppingMarshies() {
  document.getElementById("topping-display").src = "pictures/marshmellows.png";
}

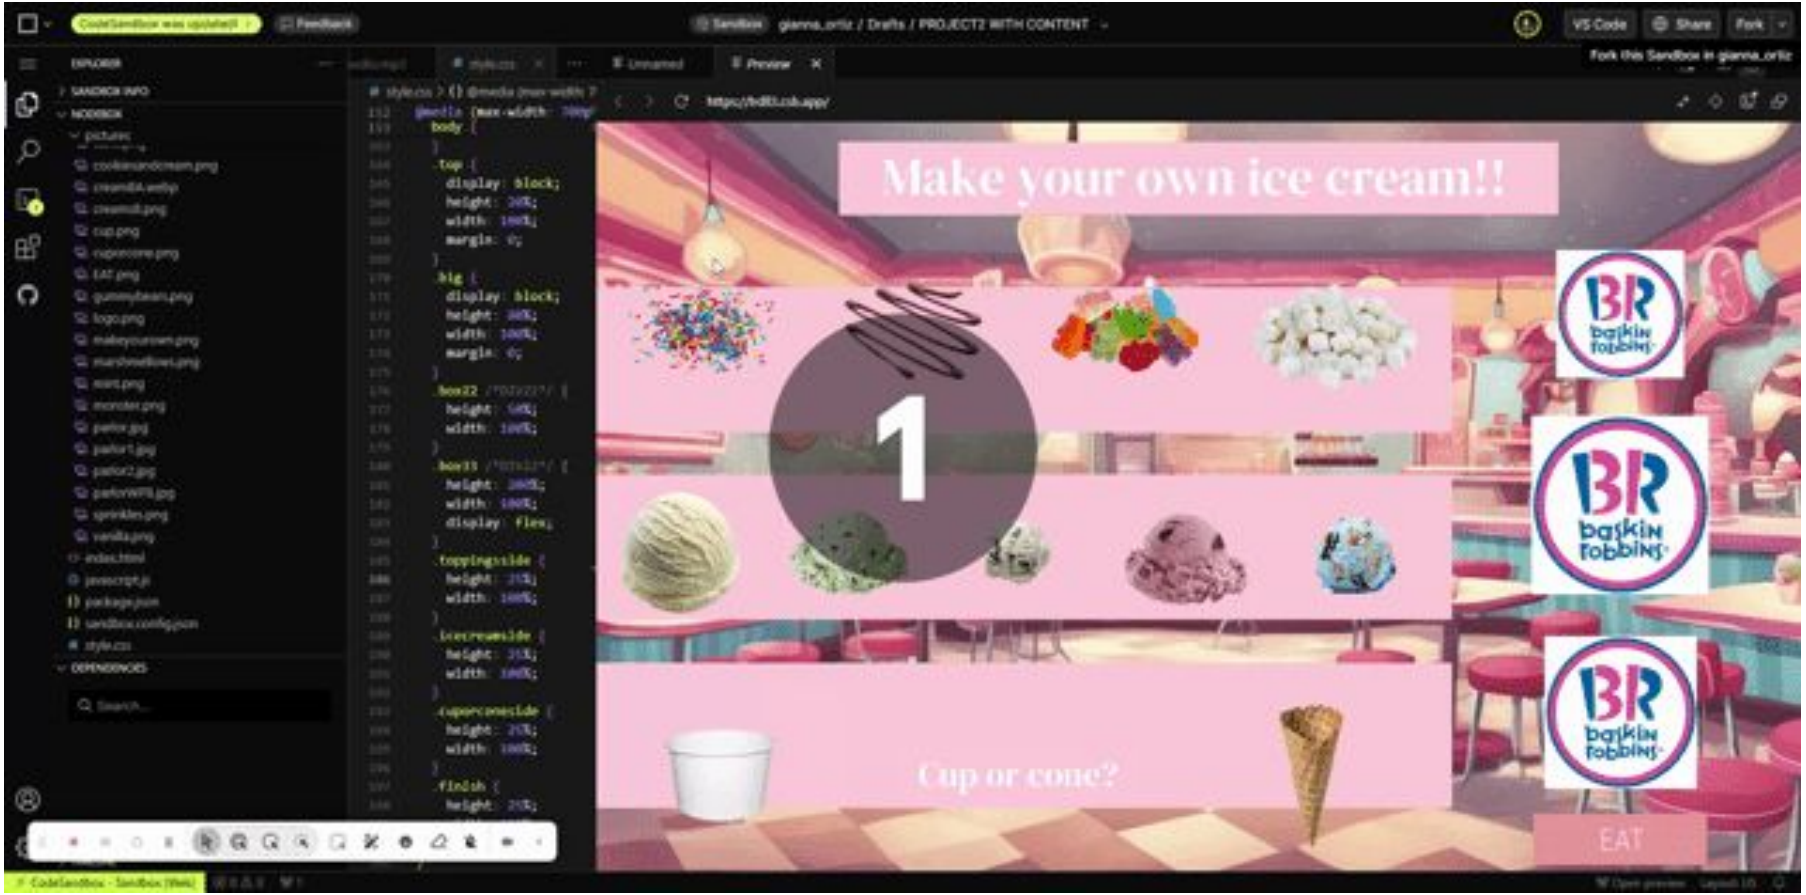
// ICE CREAM FUNCTIONS //

function iceCreamVanilla() {
  document.getElementById("nieve-display").src = "pictures/vanilla.png";
}
function iceCreamMint() {
  document.getElementById("nieve-display").src = "pictures/mint.png";
}
function iceCreamCookies() {
  document.getElementById("nieve-display").src = "pictures/cookiesandcream.png";
}
function iceCreamCherry() {
  document.getElementById("nieve-display").src = "pictures/cherry.png";
}
function iceCreamMonster() {
  document.getElementById("nieve-display").src = "pictures/monster.png";
}

// CUP OR CONE FUNCTIONS //

function holderCup() {
  document.getElementById("holderz-display").src = "pictures/cup.png";
}
function holderCone() {
  document.getElementById("holderz-display").src = "pictures/cone.png";
```



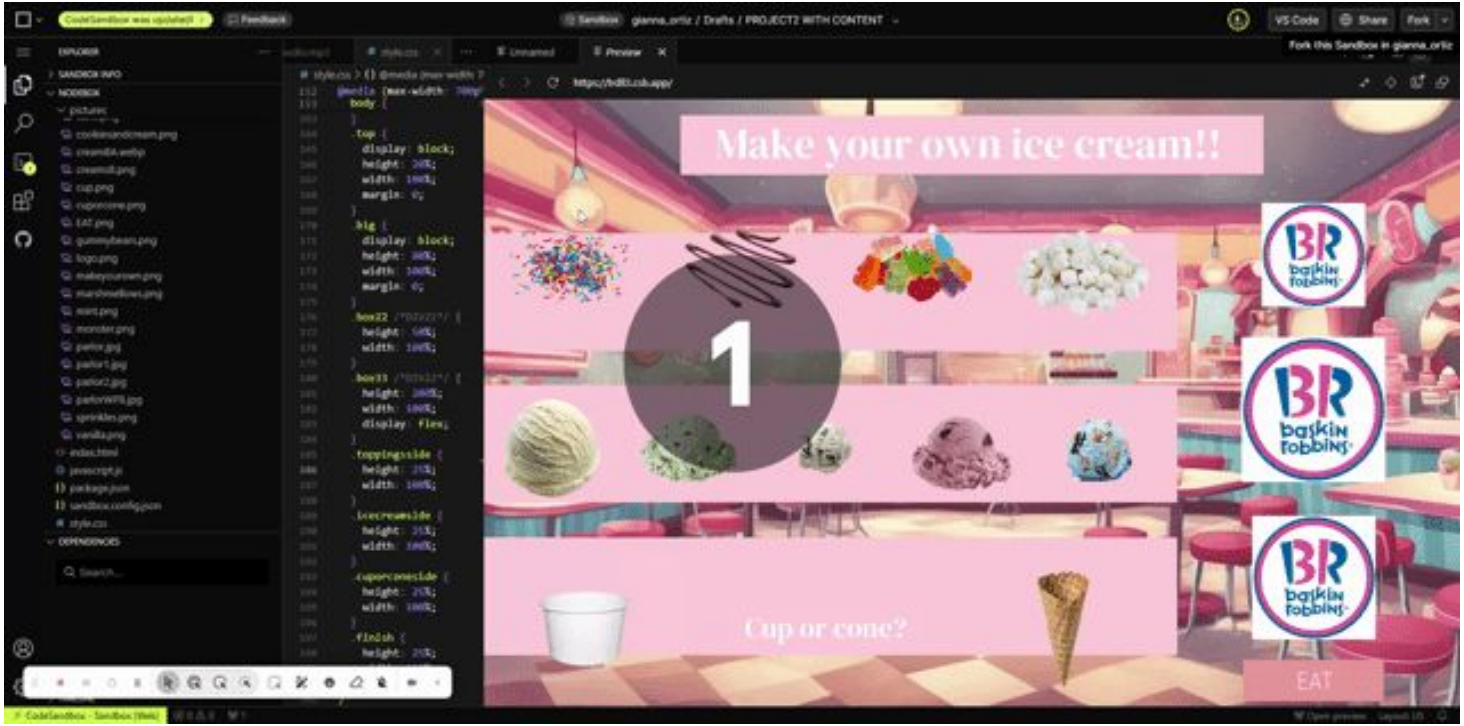


Make your own ice cream!!
1
Cup or cone?
EAT
baskin robbins

ENHANCE UX

add in effects when the user hovers and clicks to make the page intuitive and fun

PHASE 9



Make your own ice cream!!
1
Cup or cone?
EAT
baskin robbins

TEST+ITERATE

get feedback from users then make revisions to your user interface

UX Testing + UI Iteration

	User Interface: *How could the styling of elements be changed to create a more visually appealing, clear, and space-efficient layout?* *(ex: sizes, colors, fonts, alignment, etc.)*	**User Experience:** *What elements of the user experience could be improved to make the puzzle more fun/satisfying?* *(ex: sounds, hover effects, etc.)*
User 1 Name: *Tyler Scott*	• Make more colorful text • A Happy font • Change the sound to a crunch	• New Click-hover effects • The "EAT" button needs a hover effect
User 2 Name: *Zaydan*	• Make Text Bigger • Make Oreo Bigger • Baskin robbins color theme	• Button effects • Sounds when you click ingredients • Hover effect for "EAT"
User 3 Name: *Jordan*	• Make oreo bigger • •	• The elements are combined in the end • Sound effects on clicking the elements •
User 4 Name: *Daniel*	• Text color to bright • Algin side boxes to mid boxes •	• Add noises • Too silent •
User 5 Name: *Andy and Eric*	• Stacked images • Starter grey ice cream • Text Color • Make ice cream sizes similar • Capitalization for title • Slow transition with set timeout	• Selecting sound effects for each element • Sound effects for EAT • Remove the white outside of the logo png • Active effect on the EAT button
User 5 Name: Will	• Ice cream in a cup or cone • Topping on ice creams	• More Flavors and toppings
